

SARIKA RAOSAHEB BHOSALE

+91 9226776525 — sr.sarikabhosale@gmail.com — LinkedIn — GitHub

PROFESSIONAL SUMMARY

Computer Engineering student with CGPA 8.70 and hands-on experience in Full Stack Development, MERN Stack, Machine Learning, Data Science and Software Testing. Completed industry-oriented internships and developed real-world projects using modern technologies. Passionate about building scalable applications and solving practical problems through technology.

EDUCATION

B.E. Computer Engineering

Amrutvahini College of Engineering, Sangamner

CGPA: 8.80

Expected Graduation: 2026

TECHNICAL SKILLS

Languages: Python, C++, JavaScript

Web: HTML, CSS, Bootstrap, React.js, Flask

Database: MySQL, MongoDB

Testing: Manual Testing, Functional Testing, Regression Testing, API Testing

Tools: Git, GitHub, Postman, Linux, VS Code, Power BI, Excel

Domains: Data Science, Machine Learning, Data Analytics, Full Stack Development

INTERNSHIP EXPERIENCE

MERN Stack Intern

10 Feb 2026 – 29 Mar 2026

Edunet Foundation (EY GDS & AICTE)

- Developed full-stack web applications using MERN Stack.
- Built REST APIs and integrated frontend with backend modules.
- Performed testing and debugging activities.

Data Science Intern

1 Jun 2026 – 1 Aug 2026

YHills Pvt. Ltd.

- Worked on data preprocessing, analysis, and visualization.
- Developed machine learning models using Python and data science tools.

PROJECTS

Credit Card Fraud Detection System

- Developed a machine learning model to detect fraudulent transactions using data preprocessing, feature engineering, and classification algorithms.

Speech Emotion Recognition for Depression Detection

- Built an ML-based system to identify emotions from speech for early mental health analysis.

Crop Yield Prediction System

- Developed a predictive model to estimate crop yield using machine learning and agricultural datasets.

Project Management Tool (MERN Stack)

- Designed and developed a full-stack web application for project, task, and team management using MongoDB, Express.js, React.js, and Node.js.

CERTIFICATIONS

IBM — Infosys Springboard — MATLAB — Edunet Foundation

Data Science — Full Stack Development — MERN Stack Development

ACHIEVEMENTS

- **Merit Certificate** – Edunet Foundation MERN Stack Internship
- **NPTEL Certification** – Data Science with Python
